## **Commissioner for Patents**

The reply filed on April 9, 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant should specifically point out the support for any amendments made to the claims (MPEP 714.02 and 2163.06). Due to the procedure outlined in MPEP 2163.06 for interpreting claims, it is noted that other art may be applicable under 35 USC 102 of 35 USC 103(a) once the aforementioned issue(s) is/are addressed. See 37 CFR 1.111. The patentable novelty of new claim 32 in view of the state of the art disclosed by the references cited has not been pointed out (MPEP § 714.03).

It is also noted that in claim 1, line 7, the phrase "each blade is pivotally in a plane" renders the claim vague and indefinite since the structural cooperation of the blade with the frame is unclear.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
